New York, N. Y.

Dear [Redacted]

In closing out my files here preparatory to leaving for home on or before January 1st, I found the enclosed letter of September 4th from [Redacted] to

[Redacted] This letter was discussed by me with the appropriate people. I deliberately do not follow up on such matters but I am sure that this particular matter was placed in good hands. It occurred to me, however, that you might wish the letter back for some purpose of your own.

Hope to see you before too long and again with many thanks for what you did for this Agency,

Very sincerely,

William H. Jackson
